**Name**

Wonder Web

**Timeline**

“Everything You Imagine Is Real”

**Poster**

Attached Separately

**Date**

3rd-4th March, 2020

**Team Size**

Individual

**Venue**

CE Lab 5

**Description***Round 1:*

Participants will be given a picture and a paper chit. Paper chit specifies the tags and budget for each tag. I.e participants has limited number of tags to use. In this round, the participant has to mimic the picture given to them using limited tags. Allowed front end technologies for this round are HTML and CSS only.

*Round 2:*

The top students from the first round will be given a theme. A participant has to develop a creative web-page based on that theme using front-end technologies. The results will be judged by multiple judges based on the rubrics published.

## Rules & Regulations

1. To avoid subjectivity, judges will utilize rubrics published.
2. Use of internet is not restricted, but clearly mention the source and purpose of reference. A replica will not be accepted.
3. The contest will be overseen by judges whose decision would be final in all matters.

## Registration Fees

INR 20/Person
